

25 September 1952

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : Major Far East Housing and Facilities Needs Through Fiscal Year 1954

REFERENCE : Memorandum dated 15 September 1952, from CA/IDP to ID/P, subject: same

1. A review of the 1953 budget as submitted to the Bureau of the Budget and as approved reveals that no funds were specifically included for housing or facilities needed in the Far East area. The narrative material submitted indicated that some funds may have been intended but they were not identified in the actual material included in the budget.

25X1A 2. A review of the revised 1953 and the proposed 1954 budget estimates submitted to the Budget Division recently reveal estimates of [redacted] specifically budgeted for construction during fiscal year 1953 and [redacted] specifically budgeted for construction in fiscal year 1954. For the construction, lease, and maintenance of facilities in the Far East, a total of \$ [redacted] was included in the revised 1953 budget and [redacted] in the proposed 1954 budget. Details of these estimates are given on the attached Exhibit A. These amounts are shown only in the proposed budget submission for the fiscal year 1954 and have not been submitted to or approved by the Bureau of the Budget.

25X1A 3. In the budget submission, an annex to the Far East budget division showing construction and lease requirements and maintenance costs was given. This tabulation indicated a total of [redacted] in the fiscal year 1953 and [redacted] in the 1954 proposed budget for construction. These items, however, could not be reconciled with the detailed plans submitted. The grand total of all construction and lease requirements, in addition to maintenance costs in this overall summary submitted by OPC, indicated a grand total of [redacted] for the revised budget for the fiscal year 1953 and [redacted] in the proposed 1954 budget. These latter figures, however, were not carried into and were not made a part of the overall estimates submitted by OPC.

4. The request for funds contained in the reference memorandum indicates that the requirements fall into two categories as follows:

	<u>Location</u>	<u>Immediate Requirements</u>	<u>Less Urgent Requirements</u>	<u>Total</u>

5. If approved, it will of course be necessary to secure the approval of the Bureau of the Budget to make funds available out of current contingency since the amount proposed for use was not included in the 1953 budget which was submitted to and approved by the Bureau of the Budget.
